Hebrews 3:14 (NKJV)

```
E                                A
For we have become partakers of Christ if we
          E                                          B
hold the beginning of our confidence steadfast to the end
E                                A
For we have become partakers of Christ if we
          E                               B             E
hold the beginning of our confidence steadfast to the end

                                      A
To turn my back on God is something I can't comprehend
           E                                   B
Why would a true Believer not continue to the end
      E                              A
Lord, please send help to me - anytime You see me wavering
    E                           B           E
I'm trusting you to keep me - Hebrews 3, 14

E                                A
For we have become partakers of Christ if we
          E                                          B
hold the beginning of our confidence steadfast to the end
E                                A
For we have become partakers of Christ if we
          E                               B             E     A   E B E
hold the beginning of our confidence steadfast to the end
```
