Em                              B
Riches profit not in the --- day of wrath:
                                   Em
but righteousness delivereth from death.
Em                              B
Riches profit not in the --- day of wrath:
                                   Em
but righteousness delivereth from death.

Am                          Em
Absolutely worthless, when judgment day rolls round
        B                                      Em
All the wealth that you have earned, begged, borrowed, stole or found
    Am                                  Em
For money will not get you in – it takes a whole lot more
            B                                 Em
